Fairfield Mall, Memorial Dr., Chicopee

SAVINGS

Regular Savings Accounts keep your money safe—earning dividends—and ready for use. Deposits made by the 10th of the month earn interest from the first.

Special Notice Accounts, designed for long-range savings, earn up to ½% more than regular savings accounts. Ninety days notice in writing is required for any withdrawal.

Daily Interest Accounts earn interest from the day you deposit to the day you withdraw. You can draw money out of any time without losing any interest, provided you keep $10 in your account until the next dividend date. This account is ideal for people who anticipate frequent deposits and withdrawals. Every day is payday with an SIS daily interest account!

Term Deposit Certificates . . . the latest addition to the SIS family of savings plans. Either the one or two year Certificates (currently paying a guaranteed 5¾% and 6% respectively) are now available. As with all SIS accounts dividends are paid and compounded quarterly.

On-The-Job Savings Accounts offer employees of any cooperating firm a voluntary, systematic savings plan by payroll deduction.

LOANS

School Savings Accounts, for which this bank provides facilities, are a vital part of the thrift education program in most Springfield schools.

Christmas and Vacation Clubs provide a systematic way to save with a handy coupon book to remind you. No charge for opening clubs, and completed clubs, earn interest.

Home Loans. If you are interested in buying, building or refinancing a home, the bank offers prompt, friendly service and competent advice from men widely experienced in all sorts of home-owning problems. See us first for complete home financing.

Other Loans. Financial problems require personal analysis for each individual. If you need money to fix up your home, buy an auto, or meet some unexpected emergency—come in and talk over your plans with one of our experienced staff. Our service includes Personal and Auto Loans, Home Improvement Loans and Collateral Loans.

OTHER SERVICES

Banking by Mail makes banking as convenient as your nearest mail box. Just send in your name, address and first deposit. We'll open your account and send you a signature card, a bank book, and a supply of postage paid **MAILTELLER** envelopes.

Savings Bank Life Insurance provides lowest premium rates, high cash values and high loan values in life insurance for every member of the family—15 days to 70 years. Rates and details on request.

U. S. Savings Bonds may be bought or redeemed here. When cashing bonds on or before maturity, bring positive identification. We are also glad to give you advice and information on all Savings Bond problems.

S.I.S. Checks give you a safe, convenient way to pay bills or make purchases by mail . . . and a permanent record of each payment. The cost is only 15 cents for checks up to $300.

Travelers' Cheques protect your funds from fire, loss or theft and can be cashed in any part of the world. Cost is $1.00 per $100.

SOMETHING

To Think About

For the Advertiser and the Consumer

DO YOU REALIZE that an Advertisement in the City Directory is a Testimonial to the Permanency and Stability of the Advertiser?

A City Directory Advertiser is the logical one to patronize. This permanency and stability is your assurance of a square deal in buying merchandise or having work done.

"FLY-BY-NIGHT," "FIRE SALE," "GET-RICH-QUICK," and other temporary concerns, rarely appear, or advertise, in the City Directory.

It is a noteworthy fact that 90% of the City Directory Advertising is renewed from issue to issue.

There are dominant factors connected with City Directory Advertising: first, the low cost and staple publicity it affords, locally and nationally; second, this co-operation and patronage is wholly responsible for the very existence of the City Directory.

The modern City Directory is a wonderful asset, credit and benefit to the community it represents. In turn, that which benefits the community, automatically benefits the Advertiser.

Judicious Advertising is always a good investment, and City Directory Advertising, cost considered, renders larger returns than any other medium. In connection with the complete Classified Business section, it is doubly effective.

While we have offered you "Something to Think About," it is also Something Worth Remembering.

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore –

1000 x 3½ x 305 =

1,067,500

250 SPRINGFIELD STREET
AGAWAM, MASS.

THE PRICE & LEE CO.'S

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol □ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

Zip Code are included in the description of each street and changes in Zip Code for streets with more one code are indicated at the address where the change occurs.
